QUALITYFOREST

Proposal for a new professional qualification that includes all the competences of the European Chainsaw Certificate

SUMMARY

The project addresses the challenge to elaborate a new professional qualification that includes all the competences of the European Chainsaw Certificate (ECC). Some European Forestry and Environmental Skills Council (EFESC) members (Belgium, France and Spain) and new partners (Bulgaria, Poland, Portugal, Slovenia) collaborate to elaborate a proposal with the support of other entities and training centres as associated partners.

AIMS AND OBJECTIVES

To fulfil the demands of the industry and to:

- Reduce accidents & fatalities.
- Reduce associated economic & personal costs related to accidents.
- Improve & enhance operator skills and efficiency in the workplace.
- Enhance operator mobility and employability throughout Europe.
- Improve & expand delivery of existing vocational training and assessment standard.
- Encourage & promote life-long learning and continuous professional development.
- Improve transparency and recognition of skills and qualifications in Europe.

EXPECTED RESULTS

- O1 - an occupational standard
- O2 - a learning and assessment guide
